MRS. LINDSAY OF MAUI DIES FROM OPERATION

(Special Bulletin Wireless.)
WAILUKU, June 17.—Mrs. D. C. Lindsay died at Pala hospital last night from the effects of an operation. The funeral will take place from Pala at 10 o'clock Tuesday morning.

The above message was received by the Bulletin shortly before noon today. Alexander & Baldwin had received news of Mrs. Lindsay's death previously.

Mrs. Lindsay died at Pala last Sunday night as a result of an operation for appendicitis performed on Saturday. Mrs. Lindsay came to Hawaii as Miss Gregory, from New Haven, Conn., and married Mr. Lindsay in 1894. She leaves a husband and five children. Her oldest daughter graduates from the Punahou Preparatory School this year. Her death comes as a shock to a large circle of friends throughout the Islands.

MRS. MCGREW VERY LOW.

* The condition of Mrs. J. S. McGrew is reported by her attending physicians as very critical. She is unconscious the greater part of the time and was very low during last night. It is feared that the end may come at any time.

KUKUI'S BOILERS TO BE INSPECTED

Friday morning the lighthouse tender Kukui will undergo her annual boiler inspection. The vessel comes within the control of the Department of Commerce and Labor, and the inspection board is appointed from Washington.

On her showing that she had been deserted and compelled for twenty years to supply her own livelihood, Mary McColgan Saurin Mahuka this morning was granted a divorce from Daniel Auwae Mahuka.

* A meeting of District Captains and Chairmen of Sub-Committees has been called for 4 o'clock this (Monday) afternoon, for the purpose of perfecting details for Clean-Up Day. The meeting is important.

CONVENTION PLANS

* Taft's nominator—Warren G. Harding, Ohio.
* Taft's Second—Senator William O. Bradley, Kentucky.
* Roosevelt's nominator—W. A. Prendergast, controller New York City.
* Roosevelt's second—Governor Hiram Johnson, California.
* Chairman—Senator Elihu Root, New York, choice of Taft forces; Senator William E. Borah, Idaho, choice of Roosevelt forces.

At noon tomorrow in Chicago the Republican National delegates will meet in convention and proceed to decide the next President, which may possibly come about. Besides the six men sent by the Republicans of Hawaii to represent the Grand Old Party of this Territory, there are several other well-known citizens of Hawaii there, including ex-Governor George R. Carter, ex-Acting Governor A. L. C. Atkinson and gubernatorial possibility L. Tenney Peck.

Hawaii has six delegates at the National convention and as keen an interest as if Hawaii's vote were going to decide the next President, which may possibly come about. Besides the six men sent by the Republicans of Hawaii to represent the Grand Old Party of this Territory, there are several other well-known citizens of Hawaii there, including ex-Governor George R. Carter, ex-Acting Governor A. L. C. Atkinson and gubernatorial possibility L. Tenney Peck.

U. S. EXPERT SAYS NEW FOOD INSPECTION RIGID

More rigid and systematic inspection of imported foodstuffs and of products coming from the Coast is promised by Federal Chemist A. W. Hansen, who arrived in Honolulu last Wednesday morning in the chemical laboratory which he is to share with Food Inspector Blanchard.

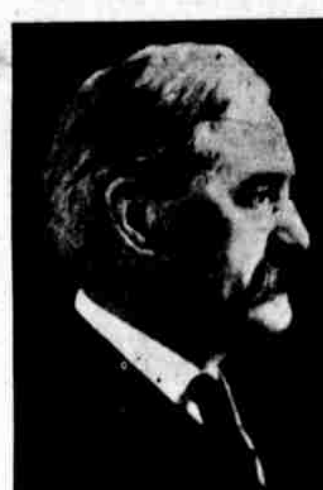

"The work here is really as heavy and as important as that handled at Chicago," said Hansen this morning, "and it has been more than one man could care for. Several men are required at Chicago to attend properly to the duties of the office, and it may

promises to be the most sensational of all the long list of gatherings that every four years for many decades have sat to nominate Presidential candidates. There have been dramatic conventions, and the one that begins tomorrow will be ultradramatic and possibly melodramatic. With the intensely bitter struggle that has been waged in the National committee still going on, it is absolutely impossible to forecast the convention result with any kind of accuracy. The possibility of two conventions is the uncertain factor, which means the possibility of a bolt on the part of the Roosevelt followers.

Business Is Simple.

The business of a National convention, although it is happening every four years, is something with which very few people are familiar. There is a heavy idea that a lot of delegates get together, make a lot of noise, that somebody gets up and nominates somebody else, that perhaps another candidate is put up, and that, after some voting, someone is declared nominated.

OFFICER SHOWS COUNTY SHOULD HELP ARMORY

That it is not at all out of the way for counties and municipalities to contribute to the construction of National Guard armories has developed from the difference of opinion which grew out of the request of local militia authorities that the \$24,000 be appropriated by the County to make the \$123,000 total required for an adequate armory for Honolulu.

3 DEPARTMENTS OF ARMY TO COMBINE

Army officers in the various staff corps here are getting ready for the biggest shake-up that has come along for many years, in the consolidation of the quartermaster's, commissary and pay departments into one department. This provision is carried in the Army appropriation bill, and is not certain to become a law, say officers who are in touch with the situation, and who are directly interested.

The latest news from Washington, brought by an officer who recently came from the National capital, is that instead of an absolutely new corps, to be known as the Supply Department, as first planned, the quartermaster's department is to be retained, and the commissary and pay offices merged in it. This plan, it is argued, has the advantage of keeping a familiar name in existence, and, as the quartermaster's department is larger than either of the other two, the majority of officers affected by the change will not have to purchase entirely new uniforms.

If this consolidation is authorized by law, two months' time will be given to effect the change. Locally it will have the effect of making Captain Case, the depot commissary, and Captain Cooke, paymaster of the department, both quartermasters. As Major B. Frank Cheatham has just assumed the office of chief quartermaster, he will be the head of all three of the departments.

There is a chance that the President's veto, news of which arrived this afternoon, may be taken up by Congress.

PLAN TO FORCE ROOSEVELT ROLL

(Special Bulletin Cable.)
CHICAGO, ILL., June 17.—GOVERNOR FREAR OF HAWAII TODAY DENIED THE REPORT THAT THE HAWAII DELEGATION INTENDS TO BOLT TO ROOSEVELT.

SAN FRANCISCO, Cal., June 17.—The Democratic deleter and alternates of several States leave tonight on the California special for Baltimore.

CHICAGO, Ill., June 17.—The Washington State Roosevelt delegation, refused recognition in the caucuses because the convention which sent it to Chicago was a "rump" convention, has decided to carry its fight to the floor of the national gathering tomorrow.

Roosevelt declared today that the kind of action taken, referring to the course of the national committee, makes revolutions.

Nine Virginia delegates, seated by the national committee, declared today that they would vote to overrule the committee in the seating of the Taft delegations from California and Texas.

ROOSEVELT MEN PLAN DETAILS OF BATTLE

(Associated Press Cable.)
CHICAGO, Ill., June 17.—With the convention but one day in the future, the fight to be made by the Roosevelt forces for control is all planned.

The Roosevelt men intend to bring the fight to a focus the minute the convention opens by moving that the temporary roll, prepared by the national committee, be rejected and the roll prepared by the Roosevelt men themselves substituted, claiming that the roll the committee adopted was obtained by unfair and "steam-roller" methods.

The Roosevelt leaders contend that none of the contested delegations can vote, which, if carried, would give Roosevelt control of the organization.

The Oklahoma delegation today recognized the possibility of a bolt when it defeated by a vote of 18 to 2 a resolution binding it to support the nominee of this convention.

Senator Borah of Idaho was today announced as the Roosevelt choice for temporary chairman, with Governor Hadley of Missouri as floor leader.

Senator Dixon, Roosevelt's manager, this afternoon claims a majority of forty-two delegates. McKinley, Taft's manager, says that Roosevelt drew away only two Southern delegates.

A wild demonstration was made today for Roosevelt at a reception by the delegates and alternates, with talk of a third candidate prevalent.

THAW TRYING FOR FREEDOM

(Special Bulletin Cable.)
WHITE PLAINS, N. Y., June 17.—The third attempt on the part of Harry K. Thaw, slayer of Stanford White, to regain his freedom from the Matteawan asylum, began today. Federal Alienist White testified that Thaw is not insane now and that he shows no traces of paranoia. He says it would be safe to liberate him.

BOURBON DARK HORSES GROOMED

(Special Bulletin Cable.)
BALTIMORE, Md., June 17.—Mayor Gaynor of New York and Governor Foss of Massachusetts are now boomed as dark horses for the Democratic nomination. It is understood that Tammany and "Boss" Murphy of New York are behind Gaynor. Frank Hendrick of New York has launched the Foss boom.

NATIONAL GUARD TO DO OWN WORK ON RIFLE RANGE

Every one of the four contractors who bid on the construction of the concrete rifle "butts" or range at Kaaka, proposals for which were opened last Saturday morning by Colonel Jones, wanted considerably more for the job than the appropriation allowed; and in consequence all were rejected.

The National Guard will do its own work on the range by day labor, and Colonel Jones this morning issued a circular letter to the bidders, informing them of such action. There is \$500 appropriated for the butts, and as the lowest bid was \$700, the militia authorities are faced with the proposition of getting the work done for \$200 less than a contractor would take a chance on it for. The proposals had a wide variation, being as follows:

Pacific Engineering Co., Ltd., \$700;
Lord & Young Engineering Co., \$750;
J. F. Bowler, \$1479; Honolulu Planning Mill Co., \$1500.
